Dr. Aaron Chockla
Investment Professional
True North Venture Partners

Aaron is an investment professional at True North Venture Partners, where he focuses on identifying early-stage investment opportunities and key technology and market trends in industries related to energy, water, waste management, and chemicals & fuels. Prior to joining True North, Aaron held a variety of research, development, and engineering positions in the pharmaceutical (Bristol-Myers Squibb) and semiconductor (Samsung Austin Semiconductor) industries. He also worked as a start-up consultant and lead a cleantech start-up focused on commercializing novel materials for flexible solar cells that he and his co-founder originally developed in grad school. Aaron holds a B.S. in Chemical Engineering from the University of Delaware, an M.S. and Ph.D. in Chemical Engineering from the University of Texas at Austin, a J.D. from Northwestern Pritzker School of Law and an M.B.A. from the Kellogg School of Management.

On behalf of Colburn Club, we invite you to join us for this semester’s alumni speaker series. The goal of this seminar series is to provide our graduate students with exposure to opportunities in industry, national labs, and other non-academic career paths, and to facilitate discussions about what it’s really like to work in these sectors.
