Transfer Course Work

Successful completion of the following courses need to be completed prior to evaluation of admissions in the Chemical Engineering program:

- CHEG 112
- CHEM 111
- CHEM 112
- CHEM 119 (or CHEM103/104 if you have taken those in your previous course work)
- MATH 242
- MATH 243
- PHYS207

Upon successful completion of the courses, the change of major/minor form should be completed.
