CBE IN THE NEWS:
- A New Way to Make Valuable Chemicals

THIS MONTH’S DEPARTMENT SEMINAR/EVENTS:
- CBE Seminar
  Venkat Ganesan, University of Texas at Austin
  Friday, September 6, 2019, 10:00 AM in 102 CLB
  “In Pursuit of Mechanically Strong, Conducting Polymer Electrolytes”
- 2019 Neutron Day – SAVE THE DATE
  Wednesday, October 30, 2019, 8:30 AM – 4:30 PM
  Clayton Hall Conference Center
  More information coming soon

OTHER DEPARTMENT’S MONTHLY SEMINAR/EVENTS:
- Physics & Astronomy Seminar
  - Christopher Russell, Pontificia Universidad Catolica de Chile
  - Tuesday, September 3, 2019, 4:00pm in 215 SHL
    “Dive into astrophysical simulations with 360-degree videos and VR”
  - Veronique Petit, University of Delaware
  - Wednesday, September 4, 2019, 4:00pm in 104 GOR
    “The Evolution of Maentific Massive OB Stars”
- DBI Biopharmaceutical Science Symposium
  Thursday, September 19, 2019, 8:00 AM – 5:00 PM in STAR Tower Auditorium
  REGISTER HERE

JOBS/RECRUITING:
- Merck
  Position: Senior Scientist, Preclinical Development
  Location: Kenilworth, New Jersey
  Brief Description: The Biophysical Characterization group in Pharmaceutical Sciences is seeking a talented and highly self-motivated scientist with solid experience in biotherapeutics characterization. As a Senior Scientist, you will be responsible for characterization of biotherapeutic drug products with focus on higher order structure. You will be working in a collaboratively team environment to support both early and late stage formulation development. You will be responsible for building fundamental formulation stability understanding to ensure formulation robustness.
- University of Notre Dame
  Position: Tenure/Tenure-Track Faculty Positions
  Brief Description: The Department of Chemical and Biomolecular Engineering at the University of Notre Dame (http://cbe.nd.edu) seeks outstanding candidates for tenure-track faculty position at the assistant professor level in the area of chemical engineering. Candidates with strong commitments to research and teaching excellence are encouraged to apply.
- Caltech
  Position: Assistant Professor
  Brief Description: The Division of Chemistry and Chemical Engineering at the California Institute of Technology invites applications for a tenure-track faculty position at the assistant professor level in the area of chemical engineering. Candidates with strong commitments to research and teaching excellence are encouraged to apply.
- University at Buffalo
  Position: Assistant, Associate or Full Professor
  Posting #: P900702
  Brief Description: The Department of Chemical and Biological Engineering (CBE) at University at Buffalo (UB) invites candidates to apply for the positions of Assistant Professor, Associate Professor or Full Professor. We are particularly looking for candidates who can operate effectively in a team environment and in a diverse community of students and faculty and share our vision of helping all constituents reach their full potential. The successful candidate will be expected to teach courses at the graduate and undergraduate levels, mentor graduate students, advise students at all levels and maintain an active research program.

Available positions can be found on the Chemical & Biomolecular Engineering opportunity website, so be sure to check it regularly.
